

Kia Seltos 2022

Engine

The base model has a 146-hp, 2.0-liter, naturally aspirated I-4 engine. Other trims have a 175-hp, 1.6-liter turbo-four engine.

Transmission

The base model has a CVT, while other trims have a 7-speed dual-clutch automatic.

Drive

The base model has all-wheel drive (AWD) with lock mode, while other trims have front-wheel drive (FWD).

Fuel

The Seltos uses regular unleaded fuel and gets 27/31 miles per gallon (MPG) in the city and on the highway.

Safety

The Seltos has a driver airbag, passenger airbag, automatic climate control, and a driver rear-view monitor. It also has power steering, power windows, an anti-lock braking system, and alloy wheels.

Other features

The Seltos has remote start, a 38k refrigerator that can be placed in the boot, and a 2.0L multi-port injection (MPI) 4-cylinder engine.
