

Toyota Aqua 2022

A 7-inch touchscreen infotainment system

Bluetooth

A rearview camera

Apple CarPlay and Android Auto

A comfort pedal that generates regenerative braking force

The Aqua also has a number of other features, including:

A 1.5L FHEV E-Four eCVT engine

116 horsepower

120 Nm of torque

A top speed of 180 km/h

A fuel tank capacity of 36 L

A fuel economy of 72.2 mpg US (3.3 L/100Km) in the city and 76.9 mpg US (3.1 L/100Km) on the highway

A 1.5 liter dynamic force engine

An optimized hev system

The Aqua is also the first Toyota model to use a high-output bipolar nickel-hydrogen battery as an electric drive battery. This battery produces about twice the output of the previous-generation Aqua's nickel-hydrogen battery.
