

Kia Stinger 2022

Engine

The Stinger has two engine options: a 2.5-liter turbocharged four-cylinder engine with 300 horsepower, or a 3.3-liter twin-turbo V-6 engine with 368 horsepower. Both engines are paired with an eight-speed automatic transmission and are available with rear-wheel or all-wheel drive.

Fuel economy

The Stinger's rear-drive, four-cylinder engine is estimated to get 9.4 km/L in the city and 13.6 km/L on the highway.

Features

The Stinger has a 10.25-inch touchscreen display with navigation and a rear camera, full LED headlights and turn signals, and Kia Drive Wise Driver Assist Technology. The Stinger also has an 8-way power adjustable passenger seat with height adjuster, and a 12-way power adjustable front passenger's seat with 4-way lumbar support.

Other features

The Stinger has 18-inch alloy wheels, a 15.9 gallon fuel tank, and 4-wheel disc brakes with an anti-lock braking system.
