

Suzuki XL7 2022

Mild hybrid system

The XL7 has an SHVS system that uses a compact starter generator and a lithium-ion battery to improve energy efficiency.

Engine

The XL7 has a 1.5 liter, naturally aspirated, four-cylinder engine that produces 103 horsepower and 138 newton meters of torque.

Transmission

The XL7 has a four-speed automatic transmission that powers the front wheels.

Safety features

The XL7 has an anti-lock brake system and electric brake force distribution to help maintain steering and shorten braking distance.

Fuel economy

The XL7 gets 17.11 kilometers per liter on highways.
